The 2024 California Processing Tomato Harvest Update

The 2024 California processed tomato deliveries for week nine (ending August 31st) are estimated to be 1,028,458 tons delivered. For the tenth week (ending September 7th) PTAB is projecting 1,003,887 tons to be delivered. This would bring the year-to-date total to an estimated 7,690,029 tons for week ten compared to the 3 year average of 7,049,833 tons.

*3 year average is based on 2021 - 2023

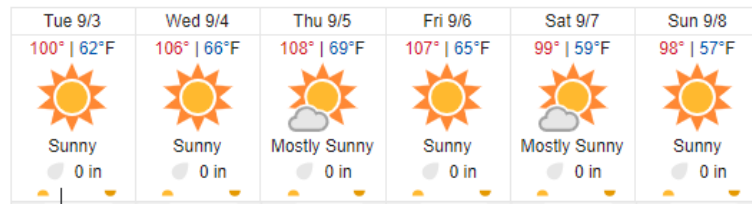

*2024 estimate is based on USDA August 29, 2024 release
